As we go to press every indication shows election of Woodrow Wilson in second closest election the United States ever witnessed.

COMANCHE BRICK PLANT TO BEGIN OPERATIONS

New Manager Takes Charge and Expects to Make Industry Go.

Mr. C. W. Williams and his son of Abilene came in Saturday to take charge of the local brick plant and to begin operations.

Mr. Williams is a man of many years experience in brick work, having spent his life at it. He says that he is immensely pleased with the prospect of the Comanche plant as we have the most accessible material and the best grade he has ever seen with which to make the sand lime brick.

He says we are seeping in the midst of our opportunities because there is the greatest demand for the sand lime brick of any brick on the market. He says that the only other plant of this kind in Texas is at San Antonio where a brick of inferior quality to the one produced here is made to the full capacity of the plant and that they are months behind with their orders.

Mr. Williams says that our material is the best that he has ever seen and that the brick as soon as they harden will show to be superior to anything ever placed on the market around here.

They will immediately begin the operation of the plant and make up a large quantity of brick which when properly seasoned he will place on the market.

One thing that impresses us about Mr. Williams is that he is not afraid to make the brick because he knows that he can sell every one his plant can put out.

It is certainly now up to the citizens of Comanche to help boost this institution because when the brick plant begins operation with a crew of twenty men it means twenty salaries turned loose in Comanche; twenty more patrons for our local institutions and twenty more men making livings.

We are glad to welcome these people among us and assure them that we will co-operate in all our power for the success of the Comanche Brick Company.

Street Work Temporarily Suspended.

The street work which was started last week was suspended this week and the surfacing of streets will not be followed.

However the establishing of concrete culverts has been decided on and the rock crushed will crush the rock for this work which will be pushed.

Mr. Jacobs has this week been to Hamilton in search of a roller to use when the street work is again started.

The proper solution to the street problem is a crusher, a tractor roller combined and then our present income will easily care for a system of streets better than we have ever had in Comanche.

EARLY PIONEER PASSES AWAY

A. J. or Uncle Jack Isham as he was familiarly known died at his home near Comanche at 10:15 Monday night and was buried at Oakwood Cemetery Tuesday at 3:30 p. m., Rev. Kilgore conducting the services.

Andrew Jackson Isham was born in Georgia March 1st, 1848, and came with his parents to Texas to Comanche county when he was but a small boy. Here he grew to manhood and on Oct. 4, 1867, was married to Selia Greene, and together they lived here near Comanche continuously since with the exception of eight years they spent in Arkansas. Of this marriage there were 8 children, seven boys and one girl, all of whom have lived in Comanche county practically all their lives, and all of whom were present at the funeral as follows:

Charley of Gustine, John of Newburg, Mrs. Mollie Coker of Comanche, Dee, Jack, Dave, Bob and Dock all of Comanche. There are also 29 grand children and 4 great grand children who with his wife and one sister Mrs. W. T. Taylor of Montague County survive him.

He united with the Primitive Baptist church in 1899 and was baptised being ordained deacon in 1901 and serving faithfully until his death.

Uncle Jack, who lived to be 68 years 8 months and 5 days of age, remained healthy and hale until a few days before his death. He and his wife were in Comanche Saturday in seemingly good health and spirits. He was slightly ill Sunday and Monday taking much worse, but was improving rapidly when suddenly he took a turn for the worse and in a few hours had passed away.

He throughout his life was a man of few words but many deeds. He was a man whose every nature was conservative. Few men ever saw him in discussion and none ever saw him display passion. He was a man who kept the even tenor of his own way, building his life and moulding the life of his children, among whom he has always lived, even in their man and womanhood. "Often the meteors glare and light the very heavens for a time and die out, but it is left for the sturdy stars to light the heavens with the undying light of ages." Uncle Jack never at any time shone among his fellowmen, but led one of those lives that light the world with their goodness, kindnesses and charity and the light of whose lives light the way for oncoming generations, as long as memory shall be revered.

He scarcely lived his three score and ten years allotted man, but came but little short of it and it is with a depressing sense of loss that we witness his departure, but we offer these words of comfort to the bereaved children that Uncle Jack, in departing, left behind him a race of sturdy children, all of whom, in his years of life when shadows began to gather, reflected honor upon him and he could feel when life's life was going out that the mission of his life was done in

COMANCHE COUNTY'S NEWEST INDUSTRY

Coleman and Reese Start New Move that is the Greatest Step Toward Progress in Peanut Industry.

Again Messrs. Wm. Reese and R. E. Coleman became pioneers in a new peanut industry. Shortly over twelve months ago they opened a new channel in the peanut industry by making peanut oil and should be given credit for the high price at which peanuts sell today, because other mills took up the move and as a consequence from competition has advanced 100 per cent since they inaugurated the move.

The New Industry.

They are today launching into a new field which will complete the link in the chain of the peanut growers prosperity. They have installed machinery whereby they can grind the peanut hay, making the best roughage on the American market excepting alfalfa.

The hay is bought and run thru a cleaner, taking out every particle of dirt, and then it is ground into a pulp. This ground feed eliminates absolutely all the waste from a feed standpoint, since all the stems, etc., are crushed up and makes a hay from which there will be absolutely no waste, as well as increasing the digestibility, making a double saving.

Boon to Producer

This new industry will undoubtedly

prove a boon to the peanut raiser, because the crushing by a large concern will provide a stable market for the peanut hay and the farmer can find ready sale for all he can raise. As the popularity of this feed increases the demand will grow stronger and the price for the peanut hay will correspondingly increase. There is already a market for the peanut hull, and now with a stable shipping market for the hay every particle of the peanut crop is utilized and made profitable.

State Market Means Much

It is now up to the people of the peanut section to make a market for this ground feed. Peanut hay mixed with peanut meal will prove the best feed ever placed on the Texas market. As the demand for it is increased both in meal and hay our prices will advance. It is therefore up to every man who raises peanuts and every merchant whose business lays in the peanut belt, and every newspaper in the peanut belt to push this with all your might for it will benefit every man where the peanut grows. Now, boost! The Chief-Exponent is leading and if you want prosperity lets make a demand for peanut hay.

CHIEF-EXPONENT GIVES NEWS

The Chief-Exponent hourly gave the news of the Presidential election to the waiting crowds throughout the night and day. Every piece was authentic and the people in Comanche were kept as well posted as the people of Ft. Worth and Dallas.

We consider it the peculiar duty

of the weekly press to give the public the news and thus we strove to do in this instance as we have in others. If you want the news at any time all that is necessary is to call and we will answer cheerfully and promptly. The newspaper is an institution to disseminate information.

COMANCHE MIDGET MILL MACHINERY ON GROUND

The machinery for the Comanche midget mill is already on the ground and ready to be set up and adjusted, which work will be taken up the last of this week.

Mr. Hoff has installed a mill of double the capacity he first anticipated and will have it in operation in some two weeks.

There is no question but that this 30 barrel mill will be made to go but it should be liberally patronized and backed by the local people.

Their flour they claim will meet competition both in price and quality of the best flour sold here, and if it does the people should use this, as it means more money and people in Comanche, which means the betterment of us all.

ANOTHER OLD PIONEER GONE.

Shortly after eight o'clock Tuesday evening, November 7th, the soul of J. W. (Uncle John) Bishop, fled from its earthly house of clay to meet the God who gave it.

The death of Mr. Bishop marks the passing of another of those old stalwarts, who, in the early days came to this country and by honesty, industry, and perseverance wrested it from the wilderness that we who follow may enjoy the blessings of civilization, prosperity, and peace.

Mr. Bishop was born in Georgia September 16, 1832. There he grew to manhood, married and lived until the outbreak of the Civil war. At the beginning of the war he joined his fortunes to those of the Southern cause and fought throughout the conflict. Immediately after the war he moved to Louisiana and in 1873 came on to Texas, settling nine miles north of Comanche, where he has resided continuously since.

He is survived by his wife and five daughters; Mrs. George Warren, Mrs. Ike Brown of Sagerton, Mrs. Sol McDonald of Pottsville, and Mrs. M. T. Lane and Mrs. D. C. Dingus, both of Comanche; all of whom were present to comfort his last hours.

His death was not unexpected, having been sick for more than a year. In the last days his suffering was intense but he endured it with the same patient fortitude with which he met the trials and privations of army and frontier life; and faced the dark unknown with the same calm courage with which he charged the invading hosts of Sherman in the sixties.

His passing brings sadness to us all, but it is a sadness tempered by the knowledge that he had lived out his allotted span of years and performed to the uttermost the mission God gave him in the world. And we confidently hope that in the majestic scheme of the ages his life has filled its niche and his soul now rests in a home where suffering and privation are no more.

He left no memorial or brick and stone, no store or hoarded gold, but to his posterity he left far more—a name untarnished—reputation never touched by scandal's scorching breath. This memory we commend to the sorrowing relatives. No heritage could be greater.

His remains were tenderly laid to rest by loving friends at Taylors Chapel Wednesday afternoon.

COMANCHE LIKELY TO HAVE CHAUTAUQUA

Will Be First Ever Had Here—To Be Three Days in April.

It is quite likely that Comanche will have a chautauqua course next spring, during the month of April. Several of the backers of the lyceum course are behind the move and it bids fair to be made a go.

Comanche has never had a chautauqua and there is every reason to suppose it will in every way be a success.

The course will last three days and will consist of a double program in the afternoon and night each day. There being a double program rendered in the afternoon and a double program rendered each evening for three days.

Lecturers, quartettes, magicians, readers, etc., constitute the course and it is beyond doubt worth the having.

Comanche needs just such a thing which provides both entertainment and education to take place of the usual bombastic summer picnics.

FOOTBALL TODAY, FRIDAY

Comanche Plays Masonic Home—Championship at Stake.

C. H. S. goes into her deciding game for an undefeated record this season when she meets the Ft. Worth Masonic Home team here today, Friday. The Masonic Home is classed as a high school, and as such has a perfect right to contend for high school honors in the state.

Comanche goes into the game today in the best condition she has ever entered a game during the season. She has played three games and her recruits are tried out and seasoned. Every man is in perfect condition and the boys should be able to play a winning game.

The Masonic Home boys, while not a weighty team, are fast and use team work far surpassing anything Comanche has ever seen on our local gridiron. They have played five games, winning four and tying North Ft. Worth for the fifth.

This will undoubtedly be the biggest event in football ever staged by the local school and an immense crowd will witness the game should weather permit.

SOME PECAN YIELD

Nut that a Few Years Ago Was Waste, Today Highly Profitable.

J. W. Moore of near Comanche last week sold 436 pounds of choice pecans at 13 1-2 cents per pound, netting him \$58.86 and he has a hundred pounds yet from this tree to sell.

This is indeed a remarkable showing for one tree which nets nearly \$75; grew wild and never cost a cent and that in a year when the pecan crop is not good. Just suppose a farm of 100 trees and their income yearly at these figures.

The pecan tree can be grown on waste land without cultivation and at a very low cost.

ONE DOLLAR PER ANNUM

'TIS EVER THUS. The groceryman is oft the drygoodsman's customer and the dry goodsman buys groceries. How often the groceryman does not get just exactly what he wants from the drygoods store and promptly "bawls out" the dispenser of ribbons. And Presto Change. The drygoods merchant's groceries are late and again the phone is pressed into service and such a tear we never heard before. 'Tis ever thus twixt butcher and jeweler, printer and iceman, each expects perfect service from the other and none give it. But what a saving in breath if we'd leave out the scoldings, because they interfere with telephone service.

WE NOTE THE EFFORT of Mr. Lightfoot, commissioner of precinct 4 to have bond issue for the DeLeon Precinct with a great deal of pleasure. Our opinion of Mr. Lightfoot is such that we gladly commend his efforts for we feel that he is a man of sufficient judgment that the proposition would be handled more ably than perhaps it might be by some successor. And again he has shown a spirit of deliberation such that we feel sure he would not go off half-cocked and that if an election be had there will be a strong probability of carrying it and that the election would not prove a mere waste of funds.

WAS HE OVERLOOKING A BET? A certain kind of flour was highly advertised by a local dealer last winter. A lady of the city who would use no other kind, lamented one day in our hearing that she could secure that brand no more. A few days later we chanced to be in the house of a groceryman and discovered that the brand of flour was carried by him and that dealers had been changed. Instantly the incident entered our mind. The point is that the dealer carrying the line had never advertised the flour and had missed several sales to that particular lady and perhaps a dozen others. Would that merchant not have been well paid to have put a little want ad in The Chief, say ranging from 25 cents to 30 cents.

JURY SERVICE IS INDEED PECULIAR. Our jury system has oft been scored but no better system has ever been offered. Our attention was recently attracted to a jury which was at that time "hung." A jury listens to the evidence in a case, the law on the case is given by the judge, and the summing up by the lawyers. Accordingly they go out and vote as to whether the defendant be guilty or innocent. That vote fairly represents the belief of each jurymen as the guilt or innocence of the defendant. But suppose they do not agree. Then begins an argument among the jurors, a construing of the law, a weighing of the evidence. When a second vote is taken if a single man has changed his vote he has been changed neither by the law or the evidence in the case, but by the influence of some juror or jurors and his vote is no longer a vote of his sentiments derived from law and evidence. If on first ballot the jury did not agree on guilt or innocence they should be promptly dismissed for they will never render a verdict according to the ideas derived from law or fact, no matter what they might do.

AN INSTANCE OF ADS READ. Some two weeks ago Kilpatrick ran an ad in The Chief advertising a certain book on game they were distributing. Imagine Mr. Kilpatrick's surprise when a few days later he received a reply to his ad from a party in Florida. He immediately came to us and we found that that household received The Chief-Exponent, and had formerly lived here years ago. But the point is this. People do read ads. They usually read every ad in the paper, and if yours is not responded to perhaps the trouble is with you in that you are advertising something people do not want.

AN AUTO POSSIBILITY. The cheap auto is going to nearly revolutionize America and will prove one of the greatest forces for the uplift of Americans. There is nothing that broadens people like travel. Through associations with others we unconsciously pick up ideas that culture us, broaden us and make us better morally. No force has done as much to cause a mingling together of people as the cheap auto. By cheap we don't necessarily mean strictly cheap, we mean simply within

reach of the masses. Let us use this illustration. We know a woman of Comanche county who is one of the noblest God ever made, who, prior to the purchase of a car on the farm seldom came to town more often than twice each year, because the trip was so hard. She seldom ever attended her community church because of the tiresome trip. That woman today is seen often in Comanche and she is always at community gatherings. The difficulty of "the trip" has been taken away and she goes with pleasure. That woman's mingling with others has made her younger and the broadening of association is not without its effect. This is one illustration. As the auto spreads it means a greater mingling of people means a raising of intellectual, of culture, of education and higher standards of life. There are possibilities in the cheap auto not dreamed of.

KNOCKING LOCAL INDUSTRIES IS FOLLY.

There are always those who knock local industries because knocking is in them an dtheir natural jealousy must show itself. Comanche has an oil mill, a midget mill, a brick plant, a compress, an ice palnt, and many other industries. It is the interest of every man who does business on the square to see that these things go. It is to the interest of every laborer to see that they prosper. It is to the interest of the farmers that their progress is not hindered. They are necessary to the prosperity of the professional man. In the days when Comanche operated four gins and all those other things, every house in Comanche was full and every property owner was benefitted. These families that lived in these houses patronized the local merchants and they prospered. As these merchants, etc., prospered they hired the laborers for various things and laboring men prospered. The farmer found his products such as chickens, etc., were in demand and he prospered. The preacher found men more ready to give, the doctor found fees ready and the lawyer collected from his clients. Any industry that puts 10 cents into Comanche helps every man, woman and child in the city. Then it behooves us to boost these industries with all our might. Our oil men needs the boosting of us all, our compress calls for our backing, our midget mill needs our liberal patronage, and the brick plant just starting should be pushed by every man in Comanche county. These last two in particular should be pushed, patronized and assisted by everyone in every way, for their success means our success—each and every one.

FOR THE CHILDREN'S SAKE. One of the best men in Comanche county in our office the other day said there was more reading matter came to to his home every week than he could read; and he named them over. Two semi-weekly papers, a good farm paper and The Chief-Exponent, and for a moment this is as much as the average man will read. But what about the wife and daughters? Among the assortment there is not a household magazine, and this is the case in far too many homes. There are papers there a plenty but not one for the wife or daughter. Every man should remember that his wife is not particularly intereted in Hughes' whiskers or Wilson's nose glasses. Our trouble with Mexico, or the late note to Germany. She is interested, and of right ought to be, in household subjects. Such as new ideas in cooking; modern methods in dress-making and the thousand other things dear to women that man thinks not of. Man reads about the doings in his realm and goes to see the neighbor and talks it over. The woman is denied the privilege. And then there are the stories. The kind men like women usually do not, and the good story should be in every home. In making up your next order for papers think of the wife and daughter and put in a good household magazine. There are many and good ones to be had at very low prices. Do not be, however, taken in by some agent, but go to a reliable dealer or your local paper and ask for a good magazine of the kind. The cheapest way, of course, is by the clubbing offer, and in reality it is the safest for the reliable editor will not sell you a poor paper.

A THANKSGIVING WISH

My wants I consider are simple,
Though rhyme I like better than prose,
And though I may dote on a dimple
That goes with a setting of rose.
My tastes they have ever been stable,
And today I should love best to view
Dear Mabel across a small table
With just enough turkey for two!

Of course there would be some addenda,
And that would be such as she'd wish;
And I would be willing to spend a
Round sum to reach turkey through fish.
The whole thing would seem like a fable,
Too fair and too good to be true,
With Mabel across a small table,
And just enough turkey for two!

Forsooth, there'd be cause for thanksgiving!
The fates, each and all, I should bless;
The joy I should take in mere living
Is something I cannot express;
For I should forget the loud babel
Of life if I only could view
Dear Mabel across a small table
With just enough turkey for two!

Five-year-old Roberta had been to her first Sunday school class, and was very much impressed by the hymns.

Early next morning she was heard shouting solemnly, "Stand up, stand up for Jesus!" and then in a rollicking tone of voice, "Sit down, sit down, sit down, your're rocking the boat!"—Everybody's.

Doctor's Orders.

"Uncle Calhoun," said the owner of the barnyard, as he came upon the old darkey late one night, "it can't be good for your rheumatism to be prowling round here in the rain and cold."

"Doctor's orders, sah," the old man answered.

"Doctor's orders? Did he tell you to go prowling round all night?"

"No, sah, not exactly, sah," said Uncle Cal, "but he done ordered me chicken broth."—Argonaut.

"Keeping it in the Family.

A lady had the misfortune to lose her season ticket for the railway. On the same evening she had a call from two boys, the elder of whom at once handed her the lost ticket. The lady, delighted at the prompt return of her property, offered the boy a shilling for his trouble. The lad refused to accept it, telling the lady he was a boy scout, and that no member of the boy scouts is allowed to accept any return for a service rendered.

Just as the coin was about to be placed back in the purse of the lady, the boy, looking up into her face, suddenly blurted out:

"But my wee brither's not a scout."—Tit-Bits.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc, known as Adler-ika, astonishes Comanche people. Because Adler-ika acts on BOTH lower and upper bowel ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieves or prevents appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. Another New Firm.

Comanche is this week in possession of a brand new firm being that of the Comanche Produce Co. The new firm has opened in the building originally built for the Ford station being just north of the Photo Studio. It will be owned by Mr. D. C. Bailly and will be in charge of Henry McCullough.

Both these gentlemen are well and favorably known over the country and will beyond doubt build up an excellent business.

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get a dollar size BALLARD'S HOREHOUND SYRUP. With each bottle there is a free HER-RICK'S RED PEPPER POROUS PLASTER for the chest. Sold by S. P. Smith.

Dairy Changes Hands.

J. T. Moody last week sold his dairy here to Knutson and Eaton who have taken charge and are operating the plant. If there be any men in Comanche county who really knows dairying and dairy cows it is these two men especially Mr. Knutson who is the best authority on stock feeding we have ever met.

We predict successful career by the dairying under the management of these two gentlemen.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you must go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—(adv.)

A military journal relates an amusing story of a Highlander who, on being shown over a man's war for the first time in his life, was keenly interested in all he saw. The marine seemed particularly to impress him, and going up to one, he pointed to the badge on the marine's cap and asked him what it was. The marine anxious to score off the visitor, looked at him in surprise.

"Don't you know what it is?" he asked. "Why, that's a turnip, of course."

"Man," replied the Scot, impatiently, "I was no' axin' about yer heid."—Tit-Bits.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis. — "When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla. — "When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass. — "I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

Mr. R. J. Ferguson of near Cross Roads has proved that peanuts are a paying crop by the following figures from his 25 acres this year which did not make an exceptional yield. Peanut hay is worth 40 cents per bale on the market. Counting his hay at 40 cents per bale Mr. Ferguson paid threshing and baling expense and has \$700 left as his profit from 25 acres, or \$28 per acre for his yield.

This only demonstrates what can be done with a Comanche Co. farm in the hands of a real farmer. Land that yields less per acre than this is selling in the valleys of Colorado and California at from \$100

to \$500 per acre and land is worth about \$30 here.

The Ladies' Home Journal, The Saturday Evening Post, and The Country Gentleman wish to secure the spare time of a man or woman to act as local representative in Comanche and vicinity, looking after the renewals of their many subscriptions in this section, and introducing these publications to new readers. Payment will be made in salary and commission. Previous experience is desirable, but not essential. For details address, with references, Box 654, The Curtis Publishing Co., Independence Square, Philadelphia, Pennsylvania. (9-10)

EFFICIENCY EXPERTS TO DELIVER ILLUSTRATED LECTURE ON ECONOMICS

Comanche is to be one of the few cities in this part of the state to be visited by two noted speakers, Messrs. E. A. Beig and W. G. Kableit, who are traveling under the auspices of the "Bureau of Commercial Economics" at Washington, D. C. It is hoped that the people of Comanche will show their appreciation of the honor conferred upon the city, by turning out to hear the free lecture to be delivered here on Wednesday forenoon at 10:45 o'clock at the Majestic Theatre, November 15th.

The above speakers have addressed the largest organizations in such cities as Dallas, Houston and Ft. Worth, and come here highly recommended by prominent educators throughout the state.

These addresses will be illustrated with several reels of motion pictures, illustrating the topic to be discussed. "Business organization in corporate form."

These speakers have taken an educational subject and have made it as interesting as a fictitious melodrama. Their topic is one that is the basis of our present prosperity and weaves itself in and out of most every common place transaction. Come and learn something about about organized capital.

Prof. Haney of the U. of Texas has written a book on the above subject and the same is followed and amplified by the speakers.

The entertainment is free to the public, Wednesday forenoon at 10:45 o'clock at the Majestic Theatre, Nov. 15th.

The local high school will march in a body to the theater.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-cent bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance and incomparable lustre, softness and luxuriance.

Get a 25c bottle of Knowlton's Danderine from any drug store or toilet counter and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Don't Sniffle!

You can rid yourself of that cold in the head by taking Laxative Quinidine Tablets. Price 25c. Also used in cases of La Grippe and for severe headaches. Remember that.

Gin Report

The latest gin report given us by Gin Reporter Switzer shows that to Oct. 18, 1916, we have ginned 4378 bales as against 3018 to the same date of last year. This report definitely shows that Comanche is producing more cotton than last year, an increase of perhaps 25 per cent. In all probability a greater acreage will be planted next year than this.

Club Entertainment.

Saturday afternoon Mrs. J. A. Gage entertained the Larken club members. An hour or two was passed in social talk and a memory game, in which Mrs. Bates of Oklahoma and Mrs. E. E. Anthony tied for the reward, a dainty China sugar bowl and cream pitcher. The longest straw gave it to Mrs. Anthony. Mrs. Lizzie Hill received for consolation a package of chocolate pudding. The guests were then taken to the dining room where place cards showed them their seats. Ice cream and cake was served. All expressed a wish to meet again upon a similar occasion.

Notice to Those Having Cotton to Gin.

Beginning Wednesday, November 8, the gin will run on Wednesdays, Fridays and Saturdays, until further notice. (1t)

WORKING UP A HOME PRODUCT

Last year we ran some articles about a man near Granbury who was making and marketing peanut butter very successfully and profitably. Some of the best peanut butter we have ever seen was made in the canning club exhibit at the fair.

We are informed that an industrious good lady near Comanche has taken to making home-made peanut butter to sell and finds sale for every bit she can make. It is an idea worth the trying. As peanuts soar, peanut butter must.

10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't stay constipated, headachy, bilious, with breath bad or stomach sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable an uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, bad cold, offensive breath and all other distress; cleanse your inside organs of all matter which is producing the misery.

A 10 cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

A New Dish.

If peanuts were not so "dad blasted" high the poor editor might try it—Peanut Custard. Pecan and other nuts are used in custards, making a "pie" right next to "punken." A good lady in the county has tried peanuts for custard and finds them very palatable. This at one time would have made a cheap dainty, but today it can only be offered by kings. Peanuts are too near 6 for 5 cents.

CHEERFUL WORDS

For Many a Comanche Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Comanche readers.

S. F. Stapp, retired farmer, Comanche, says: "I used to have catches in my back and when they came on, I couldn't even move. My kidneys acted to often, especially at night, when I had to pass the kidney secretions too often. The secretions pained me and also contained sediment. Doan's Kidney Pills cleared up the kidney secretions and made my kidneys act as they should. I used only about four boxes and haven't had any catches in my back since and my kidneys have acted regularly."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stapp had. Foster-Milburn Co., Props., Buffalo N. Y.

Mrs. C. W. Meadows Entertains.

Friday afternoon Mrs. C. W. Meadows entertained with “five hundred” from 3 to 6 honoring Mrs. Howard Cox of Barnhart and Mrs. Oberthier and Miss Elizabeth Oberthier of Hereford.

The home was beautifully decorated with roses and chrysanthemums and the guests spent a most pleasant afternoon at the game in which Mrs. Hilton Burks proved winner and accordingly was presented with a beautiful bouquet of chrysanthemums. Mrs. Fisher made the lowest score and amid much merriment was presented with a gorgeous bouquet of this.

At the conclusion of one of the most pleasantly spent afternoons of the season refreshments of salads and sandwiches were served to the following:

Mesdames: F. H. Oberthier, Howard B. Cox, R. H. Moore, L. B. Thomas, Jno. Cunningham, H. Burks, Jess Holman, J. D. Waring, E. W. Harris, Fisher, Thos. Comanche to Have New Dairy.

Mr. W. J. Bolding is moving back to Comanche from Mount Pleasant after a two years' absence from here.

Mr. Bolding has leased the M. V. Fleming place south of town and moved a bunch of Dairy cattle he has to it and expects at an early date to start a modern, first-class and up-to-date dairy.

Mr. Bolding will also set up a wholesale feed and grain business. He is well known here in this line, having operated such a business here two years ago very successfully and winning the confidence and esteem of those with whom he dealt.

We are glad to welcome Mr. Bolding and family back to the land of opportunities, which we believe Comanche is.

Gap News.

The people of this locality are enjoying good health generally. Most every fellow we meet is wearing a smile.

It seemed that our period of good weather had come to an end Tuesday when the wind reached such a forceful speed that the peanut threshers were forced to quit work.

The election was the quietest and the least vote polled we have ever had here.

Mr. and Mrs. Thomason and Miss Ada visited Mr. H. B. Jones' family Saturday and Sunday.

T. D. Brown and family visited Mr. Brown's cousin, Andrew Duncan, of Winchell, Saturday and Sunday.

Walter Ward and family of Pleasant Valley visited Mrs. Ward's parents, Mr. and Mrs. Hood of this place Sunday.

Henry Fish of Salt Mountain visited his sister here Saturday night and Sunday.

Mrs. Fannie McGlothlin and little son, Houston, are visiting her parents here this week.

Our school opened Monday with seventy pupils in attendance and the attendance is increasing daily.

A contract has been made with Mr. Mint Medcalf to install a sanitary drinking fountain for the school. It is the aim of the Gap people to have as good school as any place in Texas. It is growing to that point.

Slider & Lacy always pay the highest highest cash price for butter and eggs.

Card of Thanks.
We wish to thank our kind neighbors and friends for their kindnesses and sympathy during the illness and death of our husband and father. May God richly bless you.—Mrs. A. J. Isham and Children.

WHAT WILL YOU HAVE FOR CHRISTMAS DINNER? TURKEY IS TOO HIGH

Turkeys are outstripping cotton and even peanuts in a rise in markets. Floyd Carpenter, produce dealer, recently paid \$4.95 for a turkey at the regular shipping price per pound. There have been 100,000 yearlings sold in Comanche county for less per head than this.

Turkeys opened in the fall market at around 20 cents and the sky may be the limit before the holidays are over. A hundred turkeys will sell for more on the open market than many fairly good houses and lots—and a man could buy an auto with a hundred head—and some gasoline.

Miss Davault Proves Entertaining.

Miss Therese Davault, as the second lyceum number, entertained a good crowd Saturday night by reading “Polly of the Circus,” the thrilling story that was the rage throughout the country some two years ago. Sally Ann's experiences and some other humorous selections.

As a reader of negro dialect Miss Davault has never been equalled upon the local stage and her imitation of the half-wild, half-hysterical “Polly” was perfect.

ONE DOSE RELIEVES A COLD—NO QUININE

"Papes Cold Compound" ends bad colds or grippe in a few hours.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25c at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

Dudley Moving

C. R. M. Dudley is moving his West side store to the East side this wk taking charge of the building in which the old Lyric Theatre was located. His West side stand will be taken by the Looney Mens store and will occupy two buildings on the East side. A year ago Mr. Dudley operated one store and increased it to two stores and is now combining again with double floor space a fact we are glad to note as an evidence of Comanche's growth and Dudley's grit.

Baptist News Notes

The Baptist General Convention of Texas will convene in Waco, Nov. 28rd. Dr. Geo. W. Truett will preach the annual sermon. The round trip ticket is \$4.60. The Pastor's and Laymen's conference will be held Tuesday and Wednesday, Nov. 21 and 22.

We will complete our offering to State Missions Sunday. There has been a beautiful spirit manifested by our people in making this offering.

On the evening of Oct. 30th, Dr. J. M. Frost, Nashville, Tennessee, was called to the Father's house. He was one of the founders of the Sunday School Board of the Southern Baptist Convention, and was its secretary for more than a quarter of a century. To him more than to any other one man do Southern Baptists owe a debt of gratitude for our great Sunday School literature. He also wrote a number of books clearly defining the Baptist position on the great doctrines of the Bible. His was a great life.

At the people will rejoice with the Sidney Baptists on the completion of their new meeting house which is to be dedicated Nov. 19.

Home and foreign fields is the new mission journal which is to take the place of the Foreign Missions Journal and Home Field. Every Baptist family will find in this new journal delightful information about our home and foreign mission work. All who can should take the paper.

The subject for the sermon Sunday morning is, "Christian Fellowship," and at 7:00 p. m. "The Barren Fig Tree."

Pray much and worship with us. Geo. A. Curlee, Pastor.

LAND BARGAINS.

Boll weevil prices on the following farms and tracts of land. Now is your time to buy at the lowest, 5 farms must sell to farmers who want homes; one-third cash and the balance on long time at 8 per cent interest. Read our description of each tract as follows and come and see us. We will show you the land and make the price.

Farm No. 1.—60 acres in tract, and 50 acres in cultivation. Entire tract is all good sandy land, especially fine peanut, fruit and truck land. Improvement, one 3-room house, one well, small crib and all fenced with posts and wire. Located about 1 1/2 miles S. E. of Hasse, a railroad town, and has the advantage of a fine school.

Tract No. 3.—56 acres unimproved, 40 acres of this tract is good cultivatable land, entire tract is fenced hog and goat proof, and is adjoining farm No. 2, at half its value.

Farm No. 4.—168 acres, located 6 miles north from Comanche; 100 acres in cultivation and fenced separate from pasture, farm is mostly sandy land, but has some tight land suitable for grain; two sets of improvements, one 4-room house, well and 12-foot windmill, cribs and lots, one two room box house with lots and good well; 68 acres of this farm in good grass, and is a fine location for a combination farm, dairying, stock raising, poultry, fruit and trucking. One of the best schools in Comanche county is near this farm. If interested we will make it worth your time to see us on this.

Farm No. 5.—80 acres, 45 in cultivation, balance in good post oak timber; entire tract is good farming land and is located nine miles N. E. from Comanche and east from Bibb. One has 3-room house with porch, good well and cribs; good school near and in good community—bargain No. 5.

For Winter Colds

You need a real tonic. Strength is required to overcome the trouble. Let that tonic be one that is specially valuable in catarrhal conditions, and you can conquer the cold. A cold is acute catarrh; it may become chronic. Chronic catarrh frequently becomes systemic, involving the stomach and the intestinal tract as well as the nose and throat. It means stagnation.

PERUNA IS INVIGORATION

It clears away the waste matter, dispels the inflammation and tones up the system. For forty-five years it has been used in catarrh by thousands of grateful sufferers, who willingly tell the world of their relief. Peruna's long history of helpfulness is the best evidence that it is what you should take.

The meeting was called to order by Zena West after which Misses Berta Kelley and Lillian Ballou gave short talks concerning the value of a mothers Club to teacher and parent.

By unanimous vote ladies expressed their desire to form a permanent organization to meet once a month.

The following officers were elected Mrs. P. D. Neislar, Pres.; Mrs. S. T. Brandt Vice Pres.; Mrs. Len Dalton Secretary.

A program committee was appointed consisting of Misses Ballou, Mrs. M. W. McCarty, and Mrs. Lou McMahon.

The value of the child being in school every day was the subject chosen for the next meeting.

The ladies were then invited into the Domestic economy room where they were served delicious refreshments by Miss Bessie Greenwood instructor in this department.

DOINGS AT THE CENTRAL CHRISTIAN CHURCH

"The worth of the boys and girls of Comanche, and who is concerned about them," will be the theme of the morning sermon at the Central Christian church Sunday morning.

Boys and girls, this will interest you, so we want you to come at 10 o'clock for Bible school and remain for the sermon. We want every boy and every girl not attending Bible school to come.

Parent, you are interested in your boy or your girl. Bring them to Bible school and church next Sunday. If the Bible School is good for them it is also good for you.

We are making fine progress in our increased attendance campaign, but we can do better, and we are going to do better. One

hundred and fifty regular attendance by January 1st, is our aim. You will help us to make it a reality I am sure.

"Preaching Christ," topic for Sunday night, 7:00 p. m.

There is a welcome for you at our church.

Samuel H. Austin, Minister.

Mrs Austin and Miss Roberson Entertain Sunday School Classes.

The Bible school classes of Miss Leva Roberson and Mrs. Samuel H. Austin, were entertained jointly by their teachers at the home of Mrs. Austin, Friday evening. The occasion was very enjoyable. There were several musical selections rendered and several lively contests were the source of much merriment, and added materially to the pleasure of the evening. Light refreshments were daintily served at the close of the social hour.

A Surprise Birthday Party.

A most complete surprise awaited the family of the pastor of the Central Christian church Monday night when we returned home rather late from doing some calling in the afternoon.

A few of the membership came in unannounced, saying they thought they would drop in for a social chat. Others followed until the house was crowded, and a generally lively time was had as the company was entertained by several musical selections, in which almost everyone took part, and all seemed to be very happy, while nothing was said that would indicate the reason for such surprise. Hot chocolate and cakes were served by some of the ladies, who had found the rear entrance of the home and had everything in readiness for the occasion.

Then the surprise of the evening came. Mrs. Charles Ory, in a very happy and appropriate manner informed Mrs. Austin that in some mysterious manner they had discovered that this was her birthday and that the party was in celebration thereof. Then she proceeded in a quaint way to present in the name of the membership of the church, whose names were in rhyme, a substantial check as a token of their appreciation and good wishes. The pastor was not overlooked, as he was informed that the ladies of the church were going to send him to the State Lectureship.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of clod, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has direction for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be safe you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant relief! "Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large ease at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

HEARING FROM A COMANCHEITE

Friends of Tom Moore, formerly of this city but for the past five years chief electrician of the Southwestern Life Building of Dallas, will be glad to note these press clippings regarding the "rep" Tom is making for himself as a performer on ukelele and guitar.

"The Harmony Trio—makers of real harmony—will be one of the feature numbers of the minstrel which will be given Thursday night at the City Hall auditorium under the auspices of Dallas chapter, Daughters of the Confederacy. The trio consists of Geo. H. Knight, T. Moore and J. Depp. These three musicians have been playing together for several years and those who have heard them declare they give pleasing music in a pleasing manner. The trio will also be heard Monday night at the smoker to be given by the Press club for visiting newspaper men. Funds derived from the minstrel show of Thursday night will go toward the fund which is being raised to entertain the Daughters of the Confederacy when they meet in annual convention here in November.

"Dallas music lovers will have a rare opportunity to hear a selection of old Southern melodies Thursday night, with a few rags here and there, at the Daughters of the Confederacy minstrel to be given at the City Hall auditorium.

In addition to many other numbers, one of the features will be the Hawaiian music. This will be given by a trio of clever artists, Messrs. Moore, Depp and Knight, who are wonderfully adept on the banjo, guitar and ukelele. They have made several tours and played at concerts, and in every case their work has been the subject of much favorable comment."

Tom was one of the musicians chosen to play at the Press club banquet at the Dallas Fair which is indeed quite an honor to be conferred and we are glad to note it taken by our erstwhile friend, a Comancheite.

A Unique Stunt

Advertising the art exhibit, the children of the ward and Grammar schools themselves made posters which were quite unique. Some were simple signs printed and some were illustrations made by the children while still others were made up from pictures cut out and adopted to the needs of the poster at hand. The originality of the children was manifested and plenty of attention was attracted. The school children should be congratulated on their ability and the teachers on their work in having these posters produced as the work is highly educational and attractive.
